Dear Sir/Madam

With a proven record of accomplishment of successful achievements, I am pleased to present my application and CV for your consideration as an Intern Student in your company.

Having a thorough knowledge in the ICT field as a beginner, and a strong educational background NQF Computer Science, I strongly believe I can be of great fit in your company and can learn more in the field so I can continue building a strong career in the IT space and believe I can also contribute to your company as an Intern Student.

I possess excellent communication skills and can liaise effectively with the team. Other strong points include the ability to work as part of a team or individually, multi-task, prioritize and work to deadlines under pressure.

Therefore in view of all the above I would be highly gratified if you consider me for this important position.

I am available to come in for an interview at anytime and would appreciate the opportunity to meet with you and your staff. I hope that I am granted an opportunity to talk and perhaps meet with you in the very near future.

Hope to hear from you soon.

Kind regards,

Mr Tivani Nick Mathebula
